The Director,
National Centre for Earth Science Studies,
Thiruvananthapuram-695011.

Dear Sir,

Sub: Internship to our M.Sc. Applied Geology students- Recommendation letter - Reg

The department of geology, Anna University, Chennai is offering M.Sc. Applied Geology and Ph.D. courses. Besides, the department is actively involving in research and consultancy project works. Our department is sponsored by various funding agencies like University Grants Commission (UGC), Department of Science and Technology (DST), Government agencies like GSI, ONGC, CGWB, ISRO, BRNS etc. The M.Sc. programme of our department is designated to update and upgrade the student's knowledge in the field of Structural Geology, Petrology, Geophysics, Geochemistry, Mining Geology and Engineering Geology etc. As part of their curriculum, students of our department need to undergo one month training in various research organizations for the completion of their M.Sc. degree. This internship enhances their professional outlook, improves their skills and helps building their career.

We are thankful to you for providing internship to few of our students last year. This year we are requesting internship training for three of our students **Mr. Gobikannan. J. (2023255016), Mr. Om Prakashraju. S. (2023255024), Ms. Subasri. M. (2023255017)** in your esteemed organization for one month from 03/06/2024 to 06/07/2024 without any detrimental to the normal work there. It would be of great help if you could kindly provide internship and accommodation to our students. The students will bear the accommodation and boarding expenses.

Thank you.
